Description

The "Bali Table" combines the cool elegance of brushed stainless steel with the precision of artisan craftsmanship. Its clear lines and striking sides ensure stability and lend the design depth and character. The generous tabletop offers ample space for decorations, books, or everyday objects. The integrated shelf provides additional storage space and creates order. Carefully handcrafted, this lounge table is a durable piece of furniture that harmoniously combines functionality and timeless design.

About the maker

ZinCuTec aims to be a collective of artists who push metals and their surfaces to their limits. Specializing in the working of brass and copper, every person strives to find like-minded individuals who share the same passion. We endeavor to infuse this special feeling into our craft. As a community, anything is possible. We encourage our members to grow both personally and professionally and to expand our collective skills. At ZinCuTec, we are committed to creating a culture where everyone can thrive.
